

Syrup of Figs

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, head-aches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

BRECKENRIDGE NEWS.
WEDNESDAY, APRIL 20, 1891.

LOCAL BREVITIES.

Work is progressing nicely at the brick plant.

The brick plant paid out last week about \$400 for labor.

There's nothing slow about this town now, but Libborn Smith's mule.

Prof. Brown opened a private school in the High school building Monday.

Wild turkey served in the best style the way Barrel Beard feeds you at the Board Hotel.

Prof. McAniff left for Garrett last Friday, where he opens a Normal school, for the benefit of teachers.

Miss Lydia Graham was awarded the gold medal at the High school for the greatest progress in penmanship.

There will be preaching in Fisher's Hall next Monday night, by Elder I. V. Gregory of the Christian church.

W. R. Moreman came home from Glendale Monday. He left yesterday for Chicago where he has a fine position.

Dyspepsia's victims are numbered by thousands. So are the people who have been restored to health by Hood's Sarsaparilla.

Mr. Alexander Nix, of Hardinsburg, went to Owensboro yesterday, to appear before the board of examiners for an increase of pension.

Rev. M. H. Wells, D. D., of Owensboro, will preach in the Methodist church here next Sunday. He and Bro. Brandon having exchanged pulpits for that day.

Mr. J. M. Bell will occupy his new home on the hill, next Thursday. The Interstate Building and Loan Association assisted Mr. Bell in the way of a loan which enabled him to secure this home.

With two good brass bands Cloverport's musical talent seem to keep pace with other lines of progress and development. And by the way, what's more surprising and invigorating than a brass band.

The Knights of Pythias, of this city, will give a strawberry and ice cream entertainment about the 20th of May. Lodges from Owensboro, Henderson and Cannellton, will be invited and a large attendance is expected.

District Convention of the M. E. church South will convene at Hawesville, Ky., on Wednesday May 27th. Bro. Fitzgerald is expected to preside, and the presence of this eminent divine will certainly attract a large attendance.

There will be three brick smoke stacks at the brick plant each fifty feet high. The drying capacity of the dry house will be forty tons of water per day. There are just a few pointers thrown out to let some people know that it's a little bigger than they imagine.

The High School closed last Friday with very satisfactory results. The session although short has been a very successful one and the work done both by pupils and teachers meets with the highest approval of the board and patrons. Prof. McAniff, with his able corps of assistants in the persons of Prof. Aug. Brown, J. H. Rythe, Miss Minnie Murray and Miss Annie Ball, have proven themselves worthy of their high position, and merit the applause of all who are interested in the cause of education.

We call attention to the advertisement of splendor which appears in this paper. This is the finest horse Mr. Williams has ever brought to our county. He is bred in the height of fashion; and is a grand individual, and his colts show that he can transmit the beauty of the King Rene family.

The Cloverport Cornet band was out last Saturday night dispensing some very delightful music, and the News is especially indebted to them for a most pleasant awakening. The band is making wonderful progress for the time they have been practicing, and as the News has been pleased to remark before, it is destined to be one of the best bands in the country.

Mrs. El Parr, living near Clifton Mills, shipped to Louisville last week three dozen spring chickens that netted her a little over \$4.00 per dozen. They were about the size of partridges. She has about 200 more that will soon be ready for market. The chicken industry of this county needs more attention. Raise a few more chickens and less to bacco.

That's a very "Buy Be Society" at Owensboro, and we imagine from the looks of the crowd that passed here yesterday there was very little "honey" left in that city. Seven coaches all jammed with people was the size of the excursion. About fifty people were added here and several turned off on account of the crowd. It will doubtless be the largest excursion ever run into Louisville from over the Texas.

Rev. G. C. Overstreet's five minutes talk at Hardinsburg is in cold type in this office, and it, like a world of good things, he has said in his time, may perhaps be lost to him, and also public for ever. It is the hardest thing we ever tried in fact an impossibility to crowd eight columns of matter into seven columns of space. This was our awful condition on going to press last evening, and the Doctor's speech with several other communications had to go. We are sorry and the only recompense we can make the Doctor, is to promise him our very hearty support at the convention next Saturday.

De Witt's Little Early Risers never gripe or cause nausea. Mild but sure, easier rather than force. Best little pill for sick headache, chronic constipation, dyspepsia. Sold by G. W. Short.

PERSONAL.

J. H. Miller was in the city Sunday.

R. L. O'Leary went to Owensboro Monday.

J. W. Moorman went to Lexington Monday.

Mr. E. W. Satterwhite was at home last Sunday.

Harry Monroe, of Hardinsburg, was in the city Monday.

W. C. Moorman, of Glendale, was in the city last week.

R. D. Witt, and P. S. Miller went to Hardinsburg Monday.

Mr. William Cooper, of Louisville, was in the city last week.

Miss Emma Dyer, of Holt Missouri, to visit her sister, Mrs. Tibbitts.

Mr. Silas Skinner, of Illinois, is visiting his uncle, Mr. J. T. Skillman.

Mrs. Della Fisher left Monday for Dale, Ind., where she will visit relatives.

Miss Emma Burk, of Henderson, is the guest of her brother, Mr. W. J. Burk.

Dr. Foster Lightfoot, of Hawesville, was in the city yesterday, the guest of relatives.

J. L. Mattingly, of Planter's Hall, is in the city the guest of his brother, Mr. C. F. Mattingly.

Mr. R. N. Hudson, of Louisville, is the guest of her father and mother, Mr. and Mrs. J. D. Gregory.

Miss Eva Young, of Morganfield, returned home Thursday accompanied by her sister, Mrs. C. B. Skillman.

The Ladies Delighted.

The pleasant effect and perfect safety with which ladies may use the liquid form of Hood's Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effective in acting on the kidneys, liver and bowels.

GLENDENE.

We are having delightful weather. Farmers are very much behind with their corn planting.

Dr. Dempster and daughter, May, went to Irvington last Saturday.

W. C. Moorman was in Louisville and Cloverport last week.

Mr. Milton Craig, of Muhlenberg county, is spending the summer at Dr. Z. O. Moorman's.

Miss Nannie Green, of Louisville, is visiting at Dr. Dempster's.

Miss Maggie Moorman went to Irvington last Saturday.

We would like to hear from "Spring Beauty" again. If her store of knowledge is not entirely exhausted.

Miss Jackie Owen has spent some time visiting friends at Irvington.

Mr. Vennie-Moorman should be congratulated for the excellent manner in which he superintends our Sunday school.

On Saturday at 6:30 a. m. at the residence of Dr. R. T. Dempster, Mr. Will Countryman and Miss Mattie Eckridge were united in marriage. Rev. Chandler, Falls of Rough, officiating. They left on the morning train for Scraper, Ind., and on their return will take rooms at the McGlothlin House, Irvington.

On Wednesday, April 16th, at 7:28 a. m. Mr. C. L. Corwell, of Louisville, and Miss Maggie Dean, were married at the residence of the bride's parents, Mr. and Mrs. W. J. Dean, the Rev. W. B. Rutledge officiating. Immediately after the ceremony they left for an extended tour through the East, and when they return will make their home in Louisville.

Hon. W. J. Hendrick.

We present to our readers this week a portrait of Hon. W. J. Hendrick, one of the leading candidates for Attorney General, seeking a nomination at the hands of the May Democratic Convention for that office. His home is at Flemingsburg in Fleming county.

Mr. Hendrick is comparatively a young man and possesses one of the brightest intellects in the State. His abilities and reputation as an orator are unsurpassed, and withal he is one of the best and most companionable of men. He distinguished himself in placing the lamented Woodford Longmire before the last State Convention, and at once established his reputation for eloquence and power, and is formidable in the race for Attorney General.

IRVINGTON.

James Mercer is with us.

L. D. Addison was in town Saturday.

Hon. D. R. Murray, of Cloverport, was in town Thursday.

Ab. Newman has a bad eye. Cold in it.

J. D. Babbage touched the town recently on a collecting tour.

R. M. Jolly went to Louisville Monday on business.

Enmet Richardson's new double story business house will soon be completed.

Horace Stewart and family, of Webster, have moved to Irvington.

Morris Beal, of Hardinsburg, comes and goes every fortnight. We know from whence Morris cometh, but not to where he goeth.

Clarence Paris, our convivial night operator, went fishing Saturday night and caught 172 pounds of carp.

John Beeler, the tobacco fiend of Johnson Bros., was in town this week distributing his usual quantity of loaded cigars.

Wm. Countryman, of this place, and Miss Mattie Eckridge, of Rockville, were married at the home of the bride April 20th. The groom is a sober, industrious gentleman and the bride is an accomplished lady. They have gone to Indianapolis on their wedding trip.

Miss Myrtle Chandler, of Falls of Rough, and Miss Jackie Owen, of Glendale, are visiting Mrs. Thomas Chandler.

Mrs. W. B. Bate, of Louisville, who has been visiting Mrs. Bate Washington, has returned home.

The Rev. Paris, of Louisville, preached two forcible sermons at a large and attentive audience Sunday. Mr. Parr is a young man of more than ordinary ability.

Bro. Dowden, who by reason of sickness, has not preached recently will occupy the pulpit at the next regular church meeting.

Frank Boyd and John Warfield, of Cloverport, passed through the city Sunday morning on their way to Roetia.

Everybody and his neighbor went to Louisville Tuesday on the church excursion. One dollar is just our size.

We have had the pleasure of going through the mill of Boyd Bros. It is certainly a credit to any town or country to have such a place. They are genuine hustlers and are always first to drop in on anything new. The scarcity of wheat prevents them from filling all the orders they receive.

Bob McGlothlin is agitated at present. He wined a lady friend on the east bound train Wednesday, and of course he went in, took a seat by her side, and talked rapidly until the train moved off. He left her laughing, but she checked him with these words—bring back my pocket book. A man weighing in the neighborhood of two hundred and fifty pounds collared the gentleman, but at this stage of the game the book and contents fell to the floor. The big man released Bob for everything was now very plain. The lady had been chewing gum on the train. Bob's pocket advocated a reform school to persuade young girls not to chew gum while traveling.—[We have another version of this story which will appear next week.—E.]

ROYAL

BAKING POWDER
Absolutely Pure.

A cream of baking powder. Highest quality. Having strength, - Laidlaw & Co. Government Food Report.

IF YOUR BACK ACHES
Or you are all worn out, really good for nothing
"RHO" is the remedy. It cures rheumatism, neuralgia, sciatica, and all the aches and pains of the back and limbs. It will cure you, and give a good appetite. Sold by all druggists.

Henry Winter. Wm. J. Winter. John M. Borntraeger.

BE CAREFUL

When about to purchase Clothing for yourself or boys, that you go to the right place, where they don't palm off on you old shop worn goods in which the moths have nestled for years, and which has been advertised in the daily papers as "a great reduction in price." Such goods are dear as a gift; you are liable to infest all of your wearing apparel at home with moth. When you buy your Clothing or Furnishing Goods of us you have your pick and choice from a clean, fresh stock and the clothing is all our own manufacture; our goods are well made in every particular; they hold shape, buttons stay on and seams don't rip, and you can buy them for less money than you have to pay these "hoop-la" stores. Come and try us and be convinced.

JULIUS WINTER & CO.,

DRUGS!

JOLLY'S STATION.

Fishing is quite the style.

Mrs. Squires and daughter, of Bethel, are visiting Mrs. Mollie DeJernette.

Mrs. Clara Miller, of Hardinsburg, is visiting her sister, Mrs. DeJernette.

Mr. Dick May, of Elizabethtown, passed through this place last week to Falls of Rough on a fishing expedition.

Miss Annie McNulty is in Louisville for a couple of weeks.

Mr. and Mrs. Young, of Cloverport, were visiting Mrs. Josie Jolly last week.

Miss McClure is at home for a few weeks visit.

Miss Lulu DeJernette, of Bethel, is visiting in the neighborhood.

Miss Lela Jolly is teaching a spring school at this place. Success to you Miss Lela.

Mr. Frank Lyons, who is attending school at Hardinsburg, was at home Saturday and Sunday.

Miss Annie Lyons spent a few days in Louisville last week.

A large crowd from here attended Cloverport church Sunday.

Success to the News.

PATESVILLE.

Dr. White has gone to see his father. There is not an empty house in town.

Wm. Ford and wife, of Victoria, were in town Sunday.

James Marlow is preparing to build a residence.

The family of Mr. Manie Marlow have moved back to our town.

Prof. Rigdon has been in town several days.

School begins here this week. Instruction will be given in all grades from the Kindergarten to the High School.

Wm. Kyles and Jos. Nix have just returned from Ill. They "went down in Egypt to buy corn," but soon concluded that there was a better article at home.

The services at the Baptist church Sunday were of a miscellaneous character, consisting of prayer meeting, talks on the importance of Sunday school and preaching by brother Phillips. They met at 10 a. m. next Sunday to organize Sunday school. The M. E. Sunday school met at 2 o'clock Sunday afternoon.

All persons indebted to the estate of Peter F. Flood, deceased, are hereby notified to come forward and settle at once without any further notice.

Given under my hand this 6th day of April, 1891.
JOHN J. FLOOD, Adm'r.

As seasons come and seasons fly,
And folks start out, new goods to buy,
They come without delay
To us, because our choice supply
Includes the newest styles; that's why
The dollars come our way.

Our prices are so very low,
There's nowhere else it pays to go—
That's what the buyers say,
There's money saved in every trade,
And that is what has always made
The dollar come our way.

Our stock's the markets' pick and prize
Its quality excites surprise:
It's such a big display,
No wonder we the trade command:
All buyers seek headquarters, and
The dollar comes our way.

The magnetism of our store,
Is simply this, and nothing more:
Fair treatment every day,
Like water, dollars run down hill,
To find their level in our till:
The dollar comes our way.

JNO. D. BARBOUR,
CLOVERPORT, KY.

BRECKENRIDGE NEWS.

WEDNESDAY, APRIL 29, 1891.

PERSEVERANCE.

The pine that stands upon the wooded mountain gains not its strength in a single day. The noble river carves its channel, but gathers up its strength along its way.

The also bears for the autumn's dig. Before it shows its blossom to the eye. The coral reef that breaks the ocean's surge. Through centuries of travail alone can rise. Thus, through her works, Dame Nature offers ever.

For our acceptance one persistent thought. To be by patient, sturdy, brave endeavor. The greatest, best and grandest things are wrought.

—Hoskoper's Weekly.

Appetite a Good Doctor.

When the health is fairly good, and there is no special strain to be put upon the system, the normal appetite may be trusted to indicate the kind and quantity of food necessary to maintain that condition. Naturally the appetite varies with the changing seasons, and unless it indicates an unreasonable extreme of indulgence or abstinence no attention need be paid to any other monitor. Much harm is done by injudicious meddling friends suggesting that a person is too stout or too thin, too pale or too ruddy, and some distrustful of the system often follow the mischievous advice to take some bitters or pills, or refrain from fattening food or drink. Paying attention to any of these facts is like playing with fire. If you are ill enough to seek to warrant any radical change of diet or any application of medicine, consult your physician at once. Above all, avoid quick medicines. To use the opinion of a successful dealer in them, whose bank balance is more liberal than his conscience, they are "made to sell."—Harper's Bazar.

A Duty to Yourself.

It is surprising that people will use a common ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken, and do not gripe. Sold by G. W. Short, Cloverport, Ky., and Witt & Meador, Hardinsburg, Ky.

Cheering.

"On which side of your mouth do you chew?" "What a question?" "Well, there is a much difference between the masticating methods of people. It is quite an interesting study too. To me, in the retreating motion, I have a host of subjects before me every day. I think that a long and close experience with men will support the conclusion that most people masticate with the teeth on the left side of the jaw. A few people chew on the right side; most, however, on the left. How I explain it? Oh, it is partly habit, partly the result of necessity, broken or defective teeth, etc. Next time you go to the dentist with a large party just notice the various and distinct ways in which the people present chew. It will surprise you. Not only do you chew out loud, but well, judge for yourself."—Interview in Detroit Free Press.

We Can And Do.

Guarantee Dr. Acker's Blood Elixir, for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilis, poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution. For Sale by G. W. Short, Cloverport, Ky., and Witt & Meador, Hardinsburg, Ky.

A Voice from the South.

Let the Hill and Cleveland people get together or else let them be eliminated from the Presidential problem of 1892. We said it months ago and we repeat it emphatically.—Norfolk Landmark.

A Child Killed.

Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Dr. Acker's Baby Soother. It contains no opium or morphine. Sold by G. W. Short, Cloverport, Ky., and Witt & Meador, Hardinsburg, Ky.

The Difficulty of Being Good.

The Water Company has raised its rate. What's a fellow going to do, any how? If he tries to be a temperance man up goes the fluid.—Hanford (Cal.) Sentinel.

Can't Sleep Nights.

Is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Dr. Acker's English Remedy? It is the best preparation known for all Lung troubles. Sold by a positive guarantee at 25c. and 50c. by G. W. Short, Cloverport, Ky., and Witt & Meador, Hardinsburg, Ky.

Bearing pulps and horses for sale under favorable circumstances, is one of the most profitable industries in which the farmer can engage. There is not much more expense in producing a good three-year-old colt than in producing a good steer, but there is an appreciable difference in the value of the product.

NO LICENSE.

No License Required of Tobacco Dealers or Manufacturers, But They Must Register.

The revenue officials report that the special tax money is beginning to come in. Many dealers in different parts of the district are sending in the money for the special tax stamps they will need in their business. Some of them are sending in for stamps at retail dealers in manufactured tobacco, seeming not to have heard of the law requiring the old statute requiring them to pay a government license. No dealer in tobacco in any form or manufacturers of tobacco is required now to pay any tax to the government. Retail dealers in leaf tobacco and manufacturers of tobacco and cigars are required, however, to register in each place where they do business. For instance if a man wants to sell leaf tobacco in Owensboro and Whitesville, he will have to register in each place and keep a different set of books of sales for each business. A man at Paducah doing a large business of selling leaf tobacco and wine will be called for about it. The matter was referred to the commissioner, and yesterday an answer was received containing the rule above referred to. This will prevent the peddling of leaf tobacco in any way, as it would be impossible to register with the collector for every peddler's sale, and keep a different book for it. There are no changes in the license fees of liquor dealers. The tax on tobacco has been reduced 2 cents per pound. Some of the people who buy tobacco, and not a few who sell it are of the opinion that this reduction in the tax will correspondingly reduce the price of the tobacco, but the revenue people are of the opinion that this will not be the case, especially not so far as the license fees are concerned. It is very difficult to find a reduction in the taxes on anything where the benefit ever reaches the consumer if the Republican party is responsible for the abolition of the duty on wine, which was accomplished by Democratic methods, supplemented by a Republican subsidy scheme.—Owensboro Messenger.

A beautiful skin, bright eyes, sweet breath, good appetite, vigorous body, pure blood and good health result from the use of Dr. W. L. Sarsaparilla. It is sold by G. W. Short.

Tobacco Census.

It Shows an Increase of Nearly Twenty Million Pounds Over That of 1880.

WASHINGTON, April 26.—The Census Office has issued a statement of the acreage and yield of tobacco for the year 1889, showing increase over the last census of 55,223 acres and 19,052,440 pounds. The amount produced in Kentucky has increased over 14,000,000 pounds, and there has also been a substantial increase in North Carolina, Tennessee, Ohio, New York and Wisconsin.

The other half of the world has been a more or less serious falling off in Virginia, Maryland, Connecticut, Massachusetts, Pennsylvania and Missouri. The figures are liable to slight modification in the final revision, which has yet to be made. The statement is based upon the returns sent in by enumerators, supplemented by an extensive correspondence and considerable field work, which has been conducted by Prof. Thomas N. Colver under the general supervision of Mr. John Hyde.

Very popular, very small, very good Dr. Witt's Little Early Risers, the pill for constipation, biliousness, sick headache. Sold by G. W. Short.

The Longest Railway.

Russia is creating the arts of peace as well as of war. While her agents are intriguing in Bulgaria and Armenia, and her armies are massing on the frontier, her engineers are pressing forward an enterprise of far greater import than the detourment of Ferdinand or the capture of Stambul. This is nothing less than the construction of the Trans-Bosphorain railway, which has been dreamed of and talked of for years, and is finally disposed of as an impracticable thing. This, however, entirely practicable has not been determined. The whole line has been surveyed, and the cost estimated with reasonable accuracy. And during the present spring the work of actual construction on the longest railroad in the world will be begun.

The country through which this route runs is, on the whole, favorable to road building. It is generally well populated. Much of it is phenomenally rich for agricultural purposes, and the rest of it is equally rich in metals. Excellent timber is plentiful, and there is no lack of water. There will be some bridge building and some mountain tunneling, but there will be also hundreds of miles of open plains, and scarcely any grading is required. The estimated maximum cost, including surveys, grading, building, stations, rolling stock, and indeed everything needed for the construction of the road, ranges from \$25,000 per mile for Alaska to Chelabinsk, to \$80,000 on the short section around Lake Baikal, and of the whole road \$1,812,825,000, a large sum, but how small in comparison with the cost of a war with the Triple Alliance!—New York Tribune.

If food sour on the stomach, digestion is defective. Dr. Witt's Little Early Risers will remedy this. The famous little pills that never gripe and never disappoint. Sold by G. W. Short.

The form used by the king of Sweden in addressing the members of parliament differs from that used by many other rulers. His speech begins with, "Good gentlemen and my friends, men."

They end usually also with, "My friends." The king of Denmark, on the other hand, addresses his subjects as "My good gentlemen and my friends."

You will be cured without inflation if you take Dr. C. C. C. Certain Chili Cure, for Chills and Fever. Please take, guaranteed. Sold by G. W. Short.

Don't wait until in front of a ticket seller's window before trying to find your frequently hidden pocket. If tickets can be purchased in quantities on route you frequently travel purchase them, and save other people's temper and your own.

Near Walker, Vernon county, Mo., a miner excavated a petrified foot 23 inches long and 30 inches around the instep, supposed to be that of a giant. The miner has been offered \$100 for it, but declines the offer.

Constitution, blood-poison, fever? Doctors' bills and funeral expenses cost about two hundred dollars. Dr. Witt's Little Early Risers cost a quarter. Take your choice. Sold by G. W. Short.

Buy the Monarch Ship.

Rough Lumber Wanted.

Patented January.

The death of the Belgian heir to the throne, Prince Baudouin, has revived the old superstition concerning the fate of January for the royal family of Belgium. The record of events that have caused the superstition has been increased of late years which was even more disturbing than the comet. But all things have an end, and one by one the noxious superstitions engaged up each other, sank down on their wings and went to sleep to dream about cake-crumbs and big fat worms.—New York Herald.

The record of events that have caused the superstition has been increased of late years which was even more disturbing than the comet. But all things have an end, and one by one the noxious superstitions engaged up each other, sank down on their wings and went to sleep to dream about cake-crumbs and big fat worms.—New York Herald.

Patented January.

The death of the Belgian heir to the throne, Prince Baudouin, has revived the old superstition concerning the fate of January for the royal family of Belgium. The record of events that have caused the superstition has been increased of late years which was even more disturbing than the comet. But all things have an end, and one by one the noxious superstitions engaged up each other, sank down on their wings and went to sleep to dream about cake-crumbs and big fat worms.—New York Herald.
